Project Falcon: Project Charter

Meridian Dynamics Inc. — Internal Document

Project Overview

Project Falcon is a digital brand relaunch campaign across web, social and partner channels. The project is owned by the Marketing department and sponsored by Sneha Bhattacharya.

Radhika Pillai serves as the project lead, coordinating a team consisting of James O'Connor.

Systems and Tools

Project Falcon relies on Salesforce, Microsoft 365 as its core systems. Salesforce is maintained by the Sales department. Microsoft 365 is maintained by the Information Technology department.

Status and Governance

Progress on Project Falcon is reviewed monthly by Sneha Bhattacharya and reported to the Marketing department's leadership team. Documentation is maintained in Confluence and tasks are tracked in Jira where applicable.
